Route Access Standards	Empty
NIBs	OGW-30-08

OPERATING CONDITIONS (GENERAL DETAILS)

To facilitate access to the Dry Creek North yard for Aurizon operational staff, a private level crossing will be re-instated at 15.730km on the ARTC main line while other construction works are undertaken that block the usual main access.

The level crossing will be protected by STOP signs.

All access must be carried out as per the appropriate ARTC conditions, network rules and procedures.

All access will only be to authorised personnel only.

SAFeworking ARRANGEMENTS

The temporary level crossing will be utilised without the requirement for track protection due to adequate sighting distance on both sides and being restricted to Aurizon railway personnel only.

The temporary level crossing will be used under the conditions set out by ARTC and Aurizon.

ADDITIONAL DETAILS

As this is a temporary network alteration, no update to the Network Information Book is required.

Recipients must ensure this Notice is circulated to and understood by all personnel affected by, or needing to know, its content. This Notice must be issued to all affected Competent Workers. Competent Workers who receive this Notice must follow the requirements.
